English

Igbo

## Experience

Aug 2022- Jun 2023  
Innoation Growth Hub Aba Abia State  
**Front-End Web Development Intern**

As a front-end web developer with a year experience, I have developed passion for creating dynamic and user friendly front-end websites. During my internship period in Innovation Growth Hub (ighub) Aba Abia State, i became more focus on creating high-quality code and delivering exceptional user friendly front-end websites using these technologies such as mock up langauge, HTML, cascading style sheet (css), and programming language (Javascript).

2018- 2022  
SAbaze.com - South Africa  
**Admin Manager**

I was opported to manage a south africa music website, whose sole aim is to promote south africa music, artist and Entertainment news. Here i learnt how to manage plugins in wordpress, set up good SEO for search engine and also manage artists.

2018 - 2022  
SAbaze.com - South Africa  
**Content Creator**

At SAbaze, i became the content creator, there i wrote entertaining articles, detailed music post and news that interests her Audience.
